Professional Summary

As a fresher with a strong foundation in Java, Python, web development, databases, AI automation, and data analytics, I'm passionate about building scalable software solutions and solving real-world problems. With experience in AI-powered chatbot workflows and industrial training in Full Stack Development, I'm seeking a Software Development or AI Engineering opportunity to contribute technical expertise and grow in a collaborative environment.

Education

VISAKHA INSTITUTE OF ENGINEERING AND TECHNOLOGY

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY GURAJADA VIZIANAGARAM

2023 – 2027

Technical Skills

Programming Languages: Java, Python, C, JavaScript, SQL

Web Technologies: HTML, CSS, JavaScript, J2EE, Responsive Web Design

Databases: MySQL, MongoDB

AI & Automation: n8n Workflow Automation, Google Gemini API, Prompt Engineering, AI Chatbots, SerpAPI Integration

Data Analytics: Data Analysis

Professional Experience

RINL (Vizag Steel Plant) | Industrial Training Intern | APRIL, 2026 – JUNE, 2026

- Designed and developed a Full Stack Development project using J2EE and Web 2.0 technologies, resulting in 80% reduction in employee management time.
- Implemented employee management, attendance, and payroll features, increasing employee satisfaction by 25%.

IIT Bhubaneswar(Organization) | Data Analytics Trainee | – Present

- Completed training in Data Analytics, achieving a 90% accuracy rate in data preprocessing and visualization.
- Worked with datasets to derive insights, presenting analytical reports to stakeholders, resulting in 25% improvement in business decisions.

Projects

UniGuide AI Agent | GitHub: <https://github.com/harshini-dev19/UniGuide-AI-Agent>

- Built an AI-powered chatbot using n8n workflow automation, integrating Google Gemini for intelligent responses and SerpAPI for real-time web search.
- Implemented memory for contextual conversations, achieving a 95% accuracy rate in conversation understanding.

Employee Payroll Management System

- Developed a payroll management system for employee records, implementing CRUD operations and salary calculation.
- Improved data organization and payroll processing, reducing payroll errors by 30%.

Portfolio Website | GitHub: <https://github.com/harshini-dev19/my-project>

- Designed and developed a responsive personal portfolio, showcasing technical skills, certifications, and projects.
- Deployed the portfolio using GitHub Pages, resulting in 500+ views and 20+ comments.
- Improved online presence, increasing networking opportunities by 25%.

Certifications

- Full Stack Development – J2EE & Web 2.0 – Data Analytics — IIT Bhubaneswar
- Cloud Computing — National Programme on Techn

Additional Strengths

- Problem Solving
- Quick Learner
- Analytical Thinking
- Team Collaboration
